

## BFT Threaded pipe

### APPLICATION

Used as extensions or to directly connect pipe clamps and wall fixing plates.

### FEATURES AND BENEFITS

- > Thanks to its 1/2" BSP thread, it is particularly **versatile and suitable** for different joints and pipe clamps.
- > The tubular section makes it **light and handy**, yet at the same time it guarantees a much **stronger fastening** as compared with the one obtained by using a threaded rod.
- > It is not approved for drinkable water.
