

IP M8

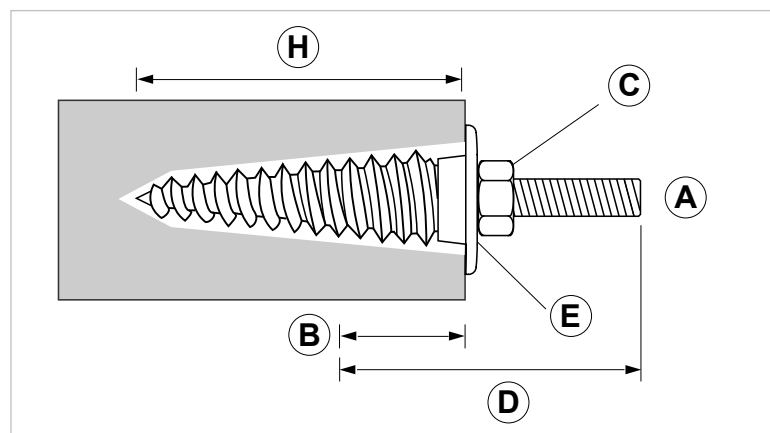

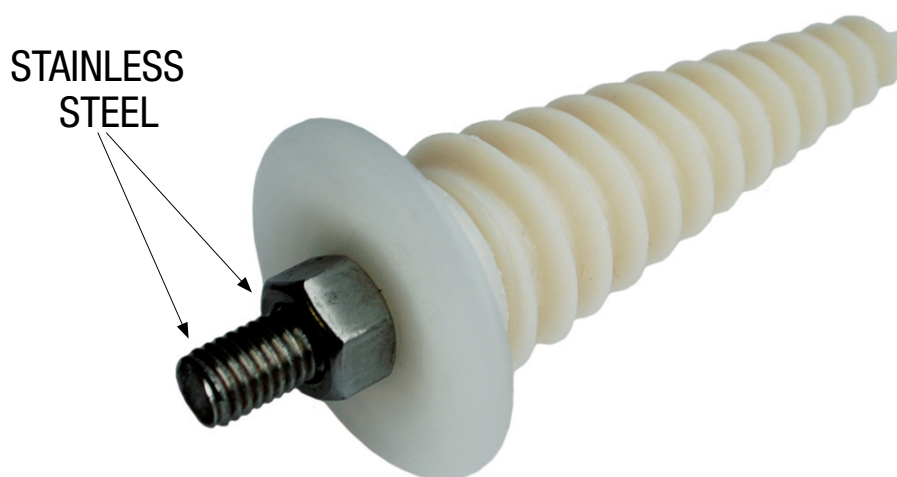

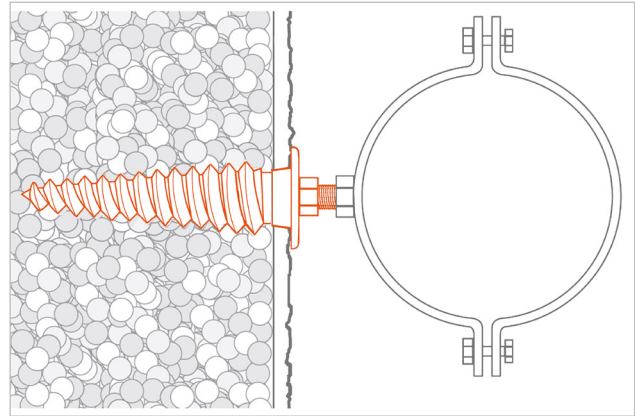

Light duty fixing for insulated walls

APPLICATION

Fixing for external insulated walls.

FEATURES AND BENEFITS

- > **Complete set** made of plug, finishing washer, threaded rod and **A2 stainless steel** M8 nut.
- > **It guarantees thermal insulation.**
- > Thanks to its wedge-shaped design, no prior hole is needed on EPS and XPS panels. **The item has to be installed using a screwdriver and an SW17 hexagonal socket.** The hole created by the socket in the insulating panel makes washer's insertion easier.
- > **The technopolymer plug** is resistant both to ageing and atmospheric agents.
