PIPE CLAMPS FOR FLUE PIPES AND DRAINPIPES

PIPE CLAMPS AND PIPE LINES FIXINGS

MATERIALS TECHNICAL DATA

PIPE CLAMP

Steel DD11 (MATERIAL N. 1.0332) DIN EN 10111 with electro zinc-plating 7-8 µm

PLUG AND WASHER

PE Polyethylene

SCREW

Steel 4.8 EN ISO 898.1 with electro zinc-plating 7-8 µm

PLUG DIAMETER

Ø 10

INSTALLATION TOOLS AND RECOMMENDATIONS

In order to install the plug properly, make a hole perpendicularly to the base support using the right drill bit.

Before installing the plug make sure the hole is clean and all the drilling dust has been removed.

We recommend not to use an impact drill while making the hole on an hollow brick wall in order to prevent the internal bulkheads break.

Insert the plug and then the rod using a hammer. Eventually, fix nut and pipe clamp.

PACKAGING

In polyethylene bag
