

PT Label holder with band

APPLICATION

Pipes labeling.

FEATURES AND BENEFITS

- > It is crucial to **label pipes** in order to identifying both the fluid that is contained in the pipe, and the data related to the system's builder.
- > The label can be fixed on the pipe with a **handy and adjustable band**, which is made of **long-lasting black EPDM rubber**.
- > Its components are made of **plastic material** so that it can be put into contact with both hot and cold pipes.
