

### PTP

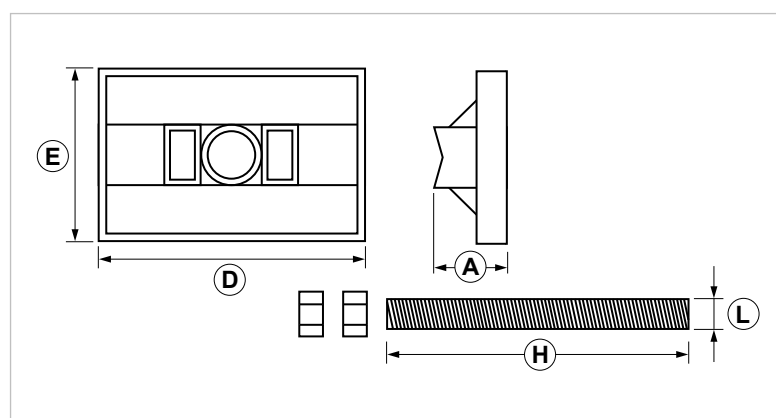

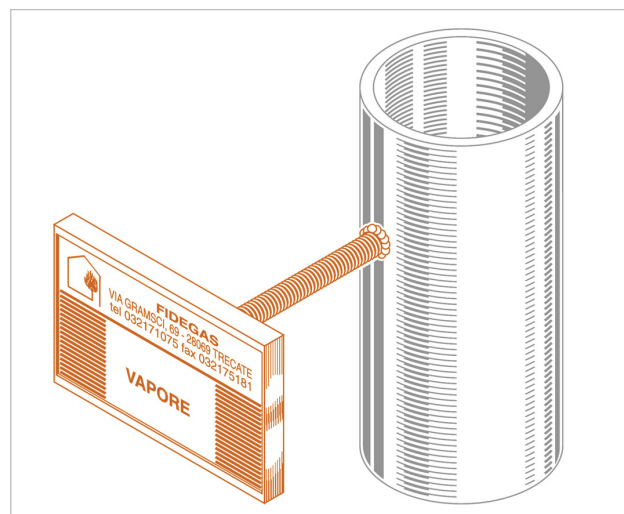

#### Label holder with fixing pin

#### APPLICATION

Pipes labeling.

#### FEATURES AND BENEFITS

- > It is crucial to **label pipes** in order to identifying both the fluid that is contained in the pipe, and the data related to the system's builder.
- > The label is to be fixed to the pipe by using the **threaded pin, which must be welded to the pipe itself**.
- > Its components are made of **plastic material** so that it can be put into contact with both hot and cold pipes.
