

VLCR 6

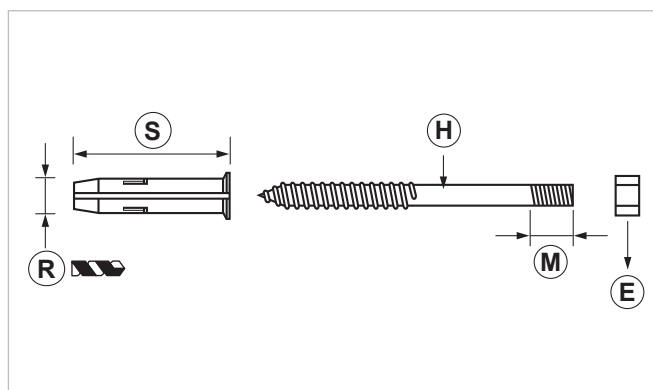

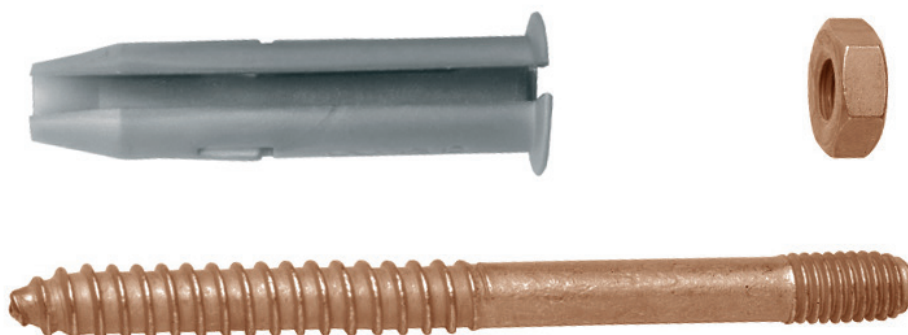

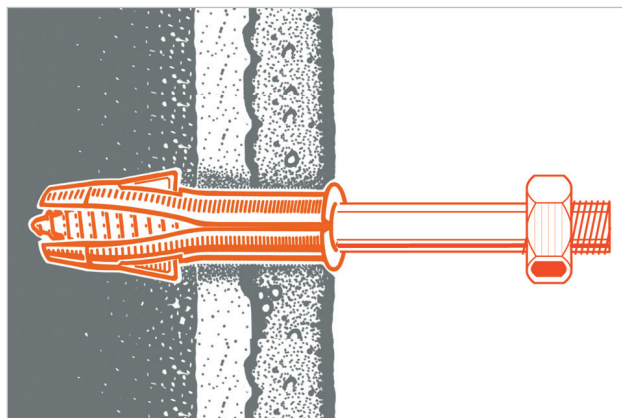

Long screw for copper pipe clamps

APPLICATION

Used to fasten copper pipe clamps on the wall.

FEATURES AND BENEFITS

- > Due to its dimensions, this screw is particularly suitable to fix pipe lines that need to be pulled out from the wall.
- > It is made of stainless steel to ensure **strength and solidity**, and copper-coated to guarantee **the same good-looking result of the pipe clamp**. It also prevents electrolysis events.
- > The Giolli plug allows a **reliable and handy fastening** on every kind of masonry.
- > The **counter nut** makes it easier to adjust the pipe clamp's distance from the wall.
