

SVELTA EVO Support bracket for wall hung wc and bidet

APPLICATION

Used to fasten wall hung wc and bidet on masonry.

FEATURES AND BENEFITS

- > The connecting system with crossbeams makes installation **particularly fast and solid**.
- > **Fast adjustment of the center-to-center distance** between 180 mm and 230 mm thanks to the holes on the crossbeams.
- > It is designed to bear a **load of 400 kg**, according to the UNI EN 997 and UNI 14528 regulations for wall hung wc and bidet.
- > **Its height of 660 mm** makes it particularly suitable to be installed on radiant heating floors.
- > Upper crossbeam provided with **side bendings** to set the bracket into the wall in an easier way.
- > **Side holes on the metal struts** to fix water supply pipes (bidet installation).
- > Complete with finishing caps for the **best aesthetic result**.
- > Provided with detailed **instructions for installation**.
