

T-FLEX

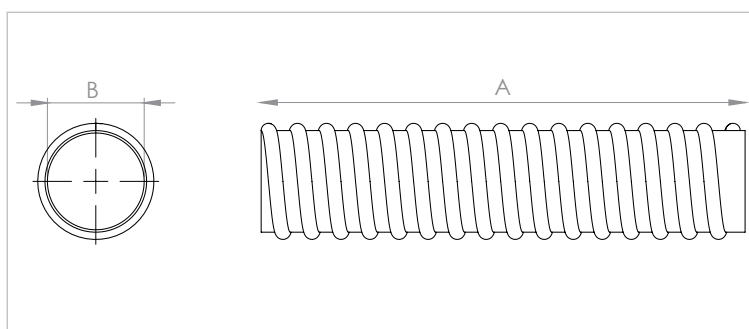

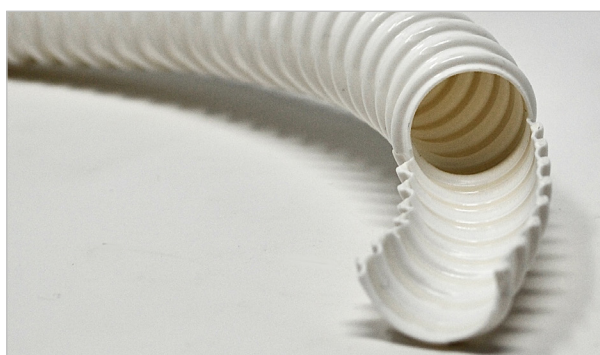

PVC flexible and smooth spiral drain hose

APPLICATION

Condensation drain hose designed for outdoor air-conditioning systems, also suitable for electrical systems.

FEATURES AND BENEFITS

- > It is made of **PVC**, and it is produced with a **hot fusion process** that makes the hose **highly flexible**.
- > It is **smooth on the inside** in order to simplify water flow, preventing backwater and condensation as well.
- > It is designed with a **square outline and a crush-proof spiral** so that the hose is far more resistant.
- > It is designed to be **weather-resistant**.
- > It is recommended for **outdoor use**, but not for in-wall installations.
- > It is wrapped up in **25 meter coils**.
- > Working temperatures: **-30°C / +75°C**
