

TC-WHITE

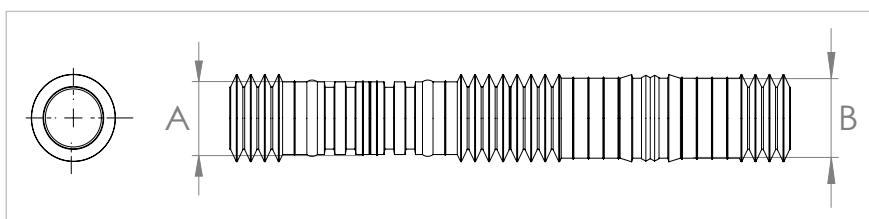

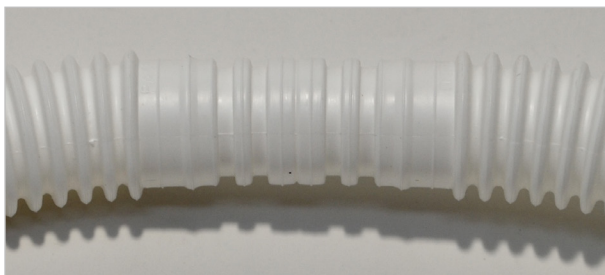

White flexible corrugated drain hose

APPLICATION

Condensation drain for air-conditioning systems, suitable for in-wall installations and PVC channels.

FEATURES AND BENEFITS

- > The **flexible corrugated drain hose** is wrapped up in **50 meter coils**, and it is provided with **2 male joints and 2 female ones that are set at 1 meter regular intervals**. This set-up enables to cut the hose as needed by choosing the joints that are to be connected together.
- > It is made of **UV stabilized polypropylene**.
- > The **single-extrusion system** makes the hose **resistant to accidental crushing**, while preventing the risk of micro-holes.
- > The **corrugated outline - provided with external supports** - guarantees great flexibility and favours water drain.
- > Working temperature: **-30°C / +75°C**
- > The package includes **10 "O-ring" washers**.
- > It is particularly suitable for **in-wall installations**.
